PROFESSIONAL SUMMARY

Computer Science undergraduate with a strong foundation in **systems programming, operating systems, and computer networks**. Proficient in **Python, C, and Java**, with hands-on experience building **TCP-based applications, networking protocols, and backend systems**. Strong problem-solving skills with practical exposure to real-world implementations and a commitment to continuous learning.

EDUCATION

- **Government College of Engineering, Kannur** 2023 – Present
B.Tech – Computer Science and Engineering
- **AKGGHSS Peralassery**
Higher Secondary (Plus Two) – 97%
- **SSLC**
Score – 100%

TECHNICAL SKILLS

- **Languages:** Python, C, Java
- **Core CS:** Operating Systems, Data Structures, Computer Networks
- **Systems & Networking:** Process Scheduling (FCFS, SJF, Round Robin, Priority), Disk Scheduling (FCFS, SCAN, C-SCAN), Banker's Algorithm, ARQ Protocols (Stop-and-Wait, Go-Back-N, Selective Repeat)
- **Backend & Tools:** Spring Boot (Basics), Linux, Git, Socket Programming

PROJECTS

- **TCP Client-Server System (C)**
Designed and implemented a TCP-based client-server architecture enabling reliable communication using socket programming and efficient data transmission.
- **Multi-user Chat Server**
Built a concurrent TCP chat server supporting multiple clients with real-time message broadcasting and efficient connection handling.
- **Networking Protocols Implementation**
Implemented reliable data transfer protocols including **Stop-and-Wait, Go-Back-N, and Selective Repeat ARQ**, improving understanding of flow control and error handling mechanisms.
- **Networking Algorithms Simulation**
Developed simulations for **Leaky Bucket** and **Distance Vector Routing** algorithms to model traffic control and routing behavior in networks.
- **Compiler Design Implementation**
Implemented type checking, DAG-based optimization, and intermediate code generation modules to understand compiler design concepts.

LEADERSHIP & RESPONSIBILITIES

- Class Representative – Coordinated communication between students and faculty
- Placement Coordinator – Assisted in organizing placement-related activities
- Volunteer – Explore Program

CERTIFICATIONS

- Python Foundation Course

LANGUAGES

- **Spoken:** English, Malayalam
